

QUADRON TO EXHIBIT AND PRESENT AT THE MJBIZ CONFERENCE IN LAS VEGAS NOVEMBER 15TH - 17TH

Vancouver, British Columbia, November 9, 2017 – Quadron Cannatech Corporation (the “Company” or “Quadron”) – (CSE: QCC) is pleased to announce that it will have an exhibit and be a participant at the 6th annual MJBiz Conference in Las Vegas November 15th – 17th. This conference is by far the longest running, biggest and most respected show for the cannabis industry.

Quadron will be located at booth 4032 and will have on display its next generation CO2 Extraction System referred to as the BOSS. The BOSS provides industry participants with multiple efficiencies and advantages compared to other CO2 extraction machines available. Due to the initial demand for the product, we encourage all interested parties to contact the Company to reserve their spot for delivery of a machine. [Reserve Now.](#)

Rosy Mondin, President and CEO of Quadron commented, “We are very excited for Quadron to be a participant at this year’s MJBiz Conference in Las Vegas. Over the past couple of years, Quadron has worked hard to design and develop turnkey, state-of-the-art automated extraction and processing solutions for the cannabis industry. As this year’s conference is moving to a much bigger site at the Las Vegas Convention Center, it is expected that attendance will be significantly higher than the approximate 10,000 attendees from the 2016 conference. We invite all attendees to come by our booth and meet our Quadron team, who will be happy to answer any questions you may have about any of our products and services.”

About Quadron: Quadron focuses on ancillary equipment, products and services for the authorized cannabis industry, providing automated extraction and processing solutions, and sales of end user delivery solutions such as vape pens, capsules and other safer consumption solutions for patients.
