### **EVIANA PROVIDES UPDATE ON HARVEST AND HERB PROCESSING**

December 5, 2017 – Eviana Health Corporation, (EHC:CSE) (the “**Company**”) in conjunction with Eviana Inc., is pleased to provide a progress update on the harvest and herb processing and storage facility, located in the village of Mladenovo, Serbia (the “**Facility**”).

“With 240 bales of hemp straw harvested and stored within the Facility, along with the 42 metric tons of organic hemp flowers, trim and seeds harvested this year, I can say with certainty that the harvest has been a great success,” stated Avram Adizes, CEO of the Company.

The Euro Prima herb processing and selection machine has also been delivered to the Facility, and installation has begun. The herb processing and selection machine will be used to refine and package the hemp, resulting in packaged 25kg bags of refined hemp. Once the herb processing and selection machine is ready for use and training has been completed, which is expected to be early next week, the processing of the stored flowers and trim can begin.

Furthermore, a new tractor and plow have been delivered to the Facility in anticipation of plowing and seeding for next year’s harvest. The intention is to harvest 500 hectares next year versus the 130 hectares that was harvested this year, which is an increase of 285%.

#### **About Eviana Health Corporation**

The Company was established with the aim of delivering customized consumer health care products using natural hemp strains of cannabis sativa for cannabinoid-based topical creams, products and cosmeceutical and nutraceutical merchandise.
